# ■ ABOUT IDHC-2025

**Infectious Diseases and HIV Conference (IDHC-2025)** is an international event bringing together top-tier professionals, researchers, clinicians, and policymakers in the field of infectious diseases. With the rapid evolution of pathogens and increasing global mobility, the landscape of infectious disease prevention, diagnosis, and treatment is constantly changing. IDHC-2025 provides a platform for experts to share insights on the latest advancements and global strategies to combat infectious diseases.

Participants will engage in discussions on disease surveillance, prevention, novel treatments, and strategies for managing public health crises. By attending, you'll gain access to groundbreaking research, industry trends, and global perspectives from a diverse array of experts
